

## **Allied Industries Awarded \$34 MM Contract For Work in New Mexico and Texas**

*Allied Industries, was awarded a \$34 million government contract. “This is a significant opportunity for Allied and the Army in creating much needed jobs in the El Paso market.” said Ernie Gutierrez, Allied Industries CEO*

North Hollywood, CA ([PRWEB](#)) March 26, 2011 -- Allied Industries, Inc. (ALLIED), a general contractor specializing in environmental remediation, environmental consulting and engineering, and construction services was awarded a \$34 million shared-capacity, firm-fixed-price indefinite-delivery/indefinite-quantity (IDIQ) government contract with options. More than 100 bids were solicited, with 12 bids received.

The award will provide for the storage, removal, repair, and disposal of asbestos, lead paint, and mold throughout the state of Texas and parts of New Mexico.

The work will be performed over the next five years at various locations on Fort Bliss Military Reservation, including the Main Cantonment, the areas of Biggs Army Airfield, William Beaumont Army Medical Center, Logan Heights (in El Paso County), and various range locations in the counties of Dona Ana and Otero in the southern part of New Mexico. These sites include Dona Ana Range, McGregor Range, Meyer Range, Oro Grande Camp, Range 40 through 50, Automatic Weapons Range, SHORAD Range, North MacGregor, and MacGregor Missile Launch sites.

“This is a significant opportunity for Allied and the Army in creating much needed jobs in the El Paso market.... We look forward to supporting the community with our charitable efforts as well,” said Ernie Gutierrez, Allied Industries CEO.

This contract is a significant project for Allied Industries and sign of its continued and steady growth in the industry. In 2010, Allied was named ‘100 Fastest Growing Companies in America’ by Hispanic Business Magazine.

The project work will be performed over the next five years with an estimated completion date of January 10, 2016.
